

INSTALLMASTERS **CATALOG**

ELEVATING SPACES WITH SEAMLESS SOLUTIONS
AND UNCOMPROMISING QUALITY

2024

INTRODUCTION

Step into an extraordinary realm with InstallMasters, where the ordinary transforms into exquisite works of art. With seamless fusion of style and functionality, we bring your vision to life with unparalleled precision.

Our unwavering focus is on crafting spaces that reflect your unique taste and elevate elegance to new heights. We leave no stone unturned in ensuring your utmost satisfaction, delivering craftsmanship and quality that surpass all expectations.

As pioneers in the industry, we have revolutionized the supply chain and installation process, offering a comprehensive suite of services under a single trusted name.

Choose InstallMasters to seamlessly transform your space into a sophisticated masterpiece. Welcome to a world where design and uncompromising quality converge in perfect harmony. Welcome to InstallMasters.

COMPANY OVERVIEW

InstallMasters Corporation was formed through the merger of two industry leaders: GIT Wholesale, a trusted supplier of premium building materials, and Befcon Construction, renowned for its extensive expertise in construction.

This union brought together a wealth of knowledge and experience, establishing InstallMasters as a powerhouse committed to crafting exceptional spaces.

At InstallMasters, we pride ourselves on seamlessly integrating the supply chain, installation process, and beyond. Gone are the days of managing multiple vendors and contractors. With InstallMasters, we handle every aspect for you, from start to finish, ensuring a smooth and efficient experience that guarantees superior results for your residential or commercial space.

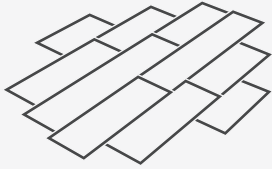

One of our key differentiators is our professional installation team. With a focus on professionalism and unwavering attention to detail, our team possesses the expertise and craftsmanship to bring your vision to life flawlessly. We invest in their education and training, ensuring they are equipped with the latest industry knowledge to deliver exceptional results.

Our commitment to uncompromising quality extends to our extensive range of building materials. From top-notch SPC Core Flooring and laminate flooring to durable composite and vinyl siding, from the roofing to UPVC windows every product in our portfolio meets our stringent standards. With InstallMasters, you can trust that your space will reflect uncompromising quality, attention to detail, and elevated taste.

Allow our elegant design elements in our catalogue to immerse you in the world of InstallMasters. Experience the transformative power of our solutions as you envision your ideal space taking shape.

Elevate your spaces with InstallMasters, where seamless solutions, uncompromising quality, and refined expertise redefine excellence.

Product Showcase

SPC CORE FLOORING

Immerse yourself in the transformative allure of our SPC Core Flooring. Meticulously crafted to perfection, this flooring offers an exquisite blend of luxury and functionality. With over ten esteemed test certificates, our commitment to excellence is unrivaled. The strong click lock system ensures minimal waste and 100% waterproofing, while the cross-linked polymer underlay reduces sound transfer and prevents mold and mildew. Our professional installers flawlessly elevate spaces to new levels of sophistication. Available in 7x48" and 9x60" dimensions with a 20Mil wear layer, our SPC Core Flooring is ideal for residential and commercial properties. Choose from our impressive range of colors and patterns to create a space that reflects your impeccable taste. Trust in our unwavering dedication to uncompromising quality and let us partner with you in creating truly exceptional spaces.

LAMINATE FLOORING

Revealing our top-tier Laminate Flooring, AC5 rated and CARB Phase 3 certified, exclusively from InstallMasters. Installed by our seasoned professionals with decades of expertise, this flooring is a lasting investment, ideal for various spaces. From living rooms and bedrooms to offices, retail stores, and healthcare facilities, our laminate flooring endures heavy traffic and wear. Experience the enduring beauty of real wood with a range of styles and finishes. Trust InstallMasters for high-durability, low-maintenance flooring that champions indoor air quality while adding an elegant touch to any space.

CARB Phase 2 certification refers to the designation given to composite wood products that meet the formaldehyde emissions standards set by the California Air Resources Board (CARB). CARB is responsible for regulating formaldehyde emissions from composite wood products to protect public health and decrease air pollution.

ARASH SAEEDI

CO-OWNER, SUPPLY CHAIN

Arash, our co-owner and Supply Chain Director, brings extensive expertise in the polymer industry, particularly in building materials. Leveraging his global experience, he will play a pivotal role in guiding the team towards achieving our objectives.

KATE G SAEEDI

EDUCATIONAL DEVELOPER

Kate holds a Master's Degree in Education from the University of New Brunswick and brings with her years of experience in the field of education. She is a self-motivated individual, spearheading educational material planning at InstallMasters.

Kate aspires to pursue her academic journey further by attaining a Ph.D., with a keen interest in studying Emotional Intelligence in leadership. Beyond work, she prioritizes quality time with her family.

STEVE DALE

INSTALL COORDINATOR, SALES

Steve, for 25 years since age 18, has poured himself into his craft and family. His dedication to customer satisfaction, evidenced by numerous referrals, is unwavering.

Steve has cultivated strong ties with builders, contractors, architects, and engineers, granting him deep industry insight. Core values of honesty, transparency, and trust underpin his success. He believes in the delicate balance between work and family for true contentment. Now, at InstallMasters, he eagerly imparts his wisdom to the next generation, driving the company's growth.

Team

BRANDON OETELAAR

CO-OWNER, CEO

Brandon, as our co-owner and CEO, a craftsman since the age of 17, leverages his extensive building experience to lead our team of installers in delivering top-quality work to our valued customers.

CORAL NIGHT

WEB DEVELOPER

I'm Coral Night, a mother of five children. A passionate Full Stack Web Developer with a strong focus on Front End Development. I proudly graduated from the Full Stack Web Development Course at the University of New Brunswick (UNB).

Beyond web development, I'm quietly pursuing my dream of becoming a solo video game developer. In my spare moments, I'm working on my own game project, where I pour creativity and dedication into every pixel and line of code.

BENJAMIN MASIC

INSTALLATION MANAGER

Ben is currently the proud head of the Commercial Sales and Installation Department at Install Masters. With 10 years of Sales and Operations experience, he is utilizing company resources and achieving targets with confidence.

He brings to the table a unique skill mix which helps bridge the gaps between sales, administration, and installation of our products.

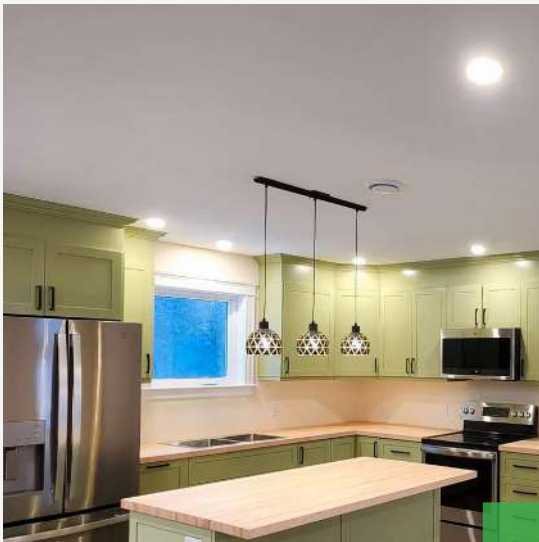

With 8 years of management experience, he also know very well what good service looks like from the boardroom to the job site.

Project Showcase

KESWICK RIDGE

From the ashes, a phoenix emerged. We rebuilt a 1200 sqft house that had succumbed to flames. Inside, a green kitchen with butcher block counters and wood-colored floors brought warmth. Boston header trim adorned the space, and a deck out back extended the charm, marking a fresh beginning.

TALMA

For Mrs. Talma, we transformed her home into a haven of modern elegance. A two-tone kitchen, gleaming granite countertops, and new flooring ushered in a fresh ambiance. The pièce de résistance: a brand-new bathroom adorned with a luxurious tiled shower-tub combo, turning her vision into a reality.

THE WELLINGTON

Located in Saint John, New Brunswick, The Wellington is more than just a residential community; it's a dynamic blend of residents from diverse backgrounds, spanning various income levels, ages, cultures, and life experiences. This innovative initiative secured \$16 million in funding, revolutionizing affordable housing in Saint John, N.B. Comprising 47 mixed-market housing units, it stands as a symbol of inclusivity, and we take pride in supplying SPC flooring for the entire project.

In recognition of its outstanding wood design, The Wellington has been honored with the 2023 award. We are privileged to have supplied the complete range of flooring products for this exceptional endeavor.

MUSKIE

In the heart of tranquility, our project emerged—a 1300 sqft split-level abode with a 2-car garage and a welcoming finished basement. This five-bedroom, three-bath haven was designed for comfort and elegance. Its crowning glory? Expansive glass windows in the front, unveiling breathtaking views of the serene head pond, where nature and modern living coexisted harmoniously.

CUSTOMER TESTIMONIALS

JENNIFER AND RICHARD VAN OORD

★★★★★

Positive: Professionalism, Value, Responsiveness

They have exceptional service, high quality product, very responsive to requests for information...and work ethic second to none!

MATTHEW MCQUINN

★★★★★

Positive: Professionalism, Quality, Responsiveness, Value

Did a great job putting in new flooring for the shared space at one of our rentals. Will use again, good service.

RUSSELL CARSON

★★★★★

Positive: Professionalism

Always a pleasure dealing with anything Brandon has his hands on. Very professional!

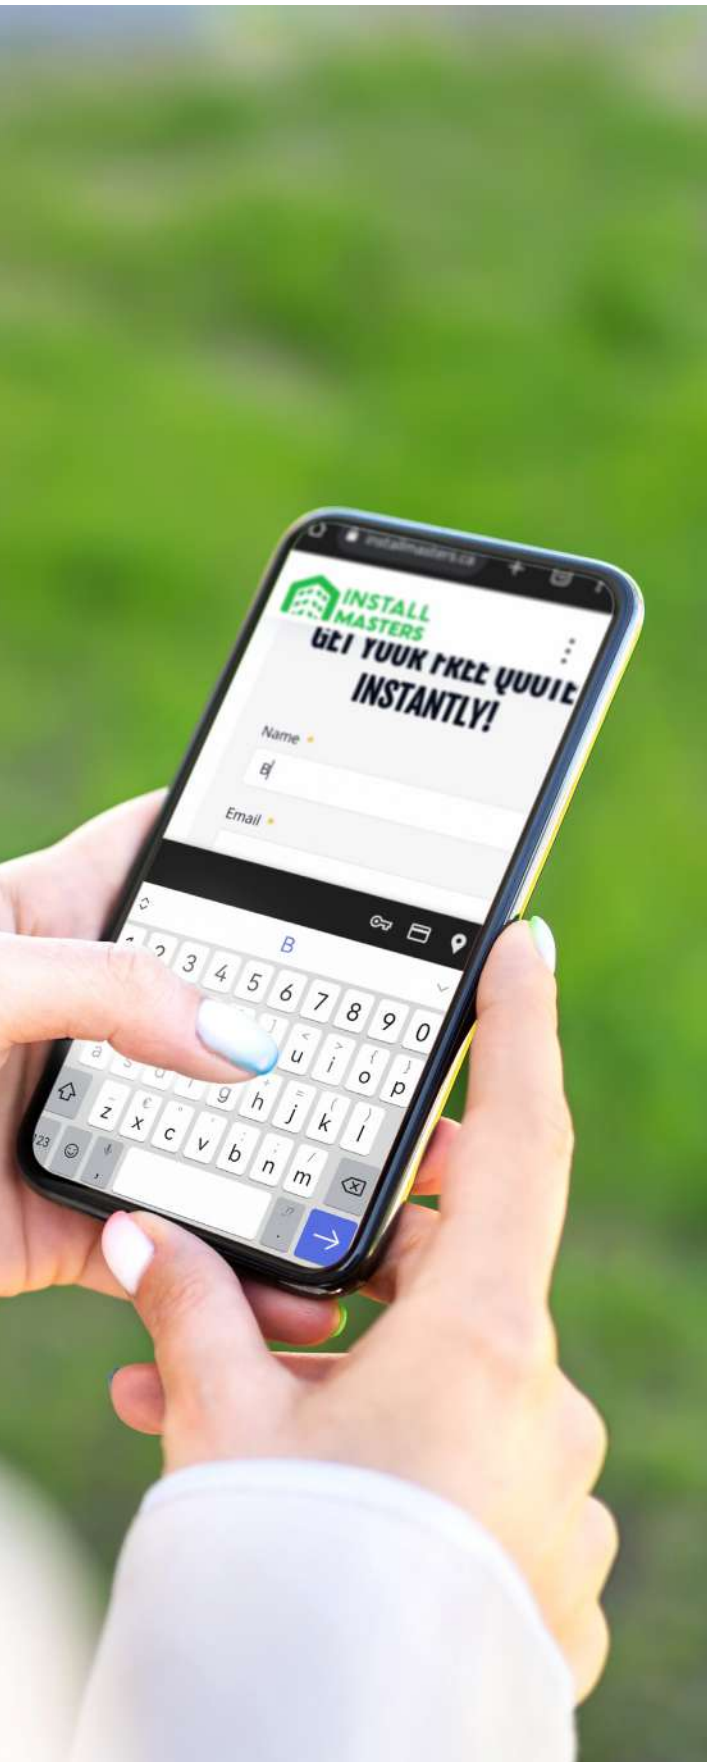

NANCY RICKARD

★★★★★

Positive: Professionalism, Quality, Responsiveness

Brandon is great to work with and does a really nice job.
